

# Parents All Over Southeastern Michigan Are Raving About Summit Academy Schools

---

“I have been an active parent in the classroom and through FACT. Summit Academy schools have provided my children with a top notch education.”

Lisa Beeker

**Dearborn Heights**

In a letter to the Charter School Commission:

“I was very impressed, from the beginning, with the technology classes offered and the multi-aged classrooms. My favorite part of the multi-age setting is that (my child) never has to wait for all of the children to catch up to his level because he can independently move on to another center that will offer him new stimulating challenges. I also believe in and completely support Summit’s policy for a peaceful environment.”

Cathy Lewandowski

**Southgate**

“I like the fact that Summit Academy allows my daughter to progress at her own rate and that her learning is individualized. Although my daughter is in the accelerated classroom, she is able to take control of her own learning and is able to set her own goals and level of challenge. She is able to push herself and has learned to recognize her limits and her strengths.”

Jeannie Sindone

**Woodhaven**

“Summit Academy schools meet MY child’s individual needs and they do that through the technology based learning. Other schools are not on the cutting edge of technology, whereas Summit Academy schools are.”

Mr. and Mrs. Daryl Self

**Trenton**

“I like the attention that each child at Summit Academy Middle School gets from their teacher (one on one). As a parent, I also receive special attention!”

Mrs. Pate

**Detroit**

“The teachers are great at Summit Academy. We have also been very happy with the 1:1 lap top program offered at Summit Academy Flat Rock. The extra things are fun as well. We enjoy the family friendly activities!”

Andrea Tetreault

**Flat Rock**

“Summit Academy is a great school because of it’s commitment to excellence, quality education, opportunities for sports, and a safe learning experience. Awesome staff, too!”

Mrs. DeYarman

**Monroe**

“Summit Academy Middle School is a wonderful school. The staff is very helpful and special. The children get a great education and a lot of one on one help. I feel it’s a big happy family.”

Mrs. Ehrlich

**Riverview**

“Summit Academy allows the students to make decisions in regard to what they can and can’t handle. The staff is very open and honest with the students...like a family.”

Ms. London

**Southgate**
