School Annual Education Report (AER) Cover Letter

March 1, 2017

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for the Summit Academy North High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Erin Avery for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/m7Vceq>, or you may review a copy in the main office at your child's school.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Summit Academy North High School will continue to focus on a quality education for all students. The Annual Education Report (AER) shows some struggles at various grade levels in the areas of Mathematics, Reading, Science, and Social Studies. We are addressing these areas through a Multi-Tiered Systems of Support for struggling students, Subject Area Coaches, and a targeted focus on the best practices outlined in our school improvement plan.

State law requires that we also report additional information.
